DEER BRUNCH FALL MIX

A proprietary blend of winter species and clover for extra protein to sustain the deer herd population thorough tough winter months.

- A great option for late fall food lot hunting
- Establishes fast and grows quickly to attract big bucks
- Works well on multiple soil types
- Annual mix except clover
- Best seeded July-August

KEY COMPONENTS:

- Winter annuals and brassicas
- Contains proprietary products
- Starts fast and lasts long into the fall

FORMULA:

Triticale, Wheat, Oats, Clover, Winter Peas,
Rape, Radish

SEEDING RATE:

Sow 50-75 pounds per acre

HALL, NY (585) 526-6391

MIFFLINBURG, PA (570) 966-3841
